# DOUBLE DEGREE PROGRAMME

University  
Scholars  
Programme

SciencesPo

**The University Scholars Programme (USP) at the National University of Singapore (NUS), and Sciences Po offer a four-year Double Degree Programme that allows you to attain a Bachelor of Arts/Social Sciences (Honours) from NUS, and a Bachelor of Arts from Sciences Po.**

You will spend two years at each university, starting first at Sciences Po in France on the Le Havre, Menton or Reims campus. At Sciences Po, you will develop an intellectual grounding in the social sciences. At NUS, you will major in Economics, History, Political Science or Sociology in the Faculty of Arts and Social Sciences, and read multidisciplinary modules in the USP.

Recruitment is international.

Sciences Po is France's leading university in the social sciences and has been educating decision-makers in the public and private sectors for the past 140 years. Today, half of Sciences Po's 13,000 students hail from 150 countries outside France. Why do so many international students choose Sciences Po? Because here, as part of our vibrant, multicultural student community, they will gain a multidisciplinary education and international experience to prepare them for career success – Nearly 90 percent of our graduates are hired within six months of graduation and 38 percent start their career abroad. Students also benefit from Sciences Po's commitment to equal access to higher education. The university offers a range of financial aid options for students of all backgrounds and 30 percent of our students receive scholarship support.

The National University of Singapore (NUS) is Singapore's flagship university, consistently ranked the top university in Asia and among the top 25 in the world. NUS enrolls 38,000 students from more than 100 countries in many critical fields of study. Some of the best major subjects are offered by the Faculty of Arts and Social Sciences (FASS), which has a strong international reputation for educational and research excellence. Outstanding NUS undergraduates may also be in the University Scholars Programme (USP), an academic programme with a rigorous multidisciplinary curriculum. This combination allows for a distinctive education with a focused major, yet intense in academic inquiry, research, and exploration across disciplines, all reinforced by a sustained residential experience in the USP. Our graduates are able to "connect the dots," and have the creativity, energy, confidence and responsibility for global engagement.
